"Help for the desperate, those willing to seek Jesus Christ for the answers in their lives"

Cody Miller has seen doors open that only Jesus could open. His family has been restored and he is now living a life for the Lord where he can put himself aside and apply what he learned about serving others. He has been through trials, but God!!

Treyton Hartle is amazed at what the Lord is doing since he left Freedom House. He has a full-time job, got his license back and finished probation 6 months early. Every week he gets to lead worship for the youth group and on Sunday mornings at his church. He has been voted in by the board at his church to help make decisions for the church including helping them find a new pastor. He comes back every couple of months to Freedom House to hang out with us and share.

Earl Gyger graduated 5 years ago. He has been at the same job for 5 years. He also fills in for his pastor at Lodge Ministries from time to time. Earl learned about serving and food distribution while at Freedom House. He volunteers distributing and making food boxes in his local community for people in need.

Terra Gay left Freedom House a couple of years ago. She is now a social worker, a volunteer at CASA to help foster children, a fur mom and owns her own home. The Lord is working on restoring the relationship with her children. She has been able to walk out the things she learned through the Word while here. She is a light to many and shares what the Lord did for her and will do for anyone every opportunity she gets.

LeeAnn Woods is living a new life in Christ in her hometown. She says she never knew what a normal life was like until now. She has been completely delivered and she is not who she used to be! She is an active member of her church, is a light at her place of work, a hands-on grandma, mother and daughter that she never knew she could be.

Stewart Kerr left Freedom House and went to help our sister center in Iowa for a season. He has now left the mission and says the Lord is really blessing him. He now lives in Kentucky and is helping his uncle on the farm. He says he is using the tools that he learned at the mission to keep focused on God and put Him first in all that he does.

Bradley Boyer-Abel left 3 years ago. Since then, he has moved into his childhood home, held down a full-time job and been back to teach several times. He and his wife have been blessed with their second baby boy and God had made a way financially for Amber to be able to stay home with the boys and start homeschooling. Bradley found a church to get involved in immediately after he left. He has been a blessing to that church and able to lead Wednesday night Bible studies. He said he leans on the Lord and the Lord has been faithful, right down to a bigger car to suit his growing family!

Howard Myers has been a blessing to Freedom House since he graduated. He comes back to share and his wife, Jerri encourages through text to others that have graduated the program. Howard's family has been restored. He and his wife council and physically help others in need through their ministry...Hands Extended Ministry. They have both been placed in jobs that have helped them train for the ministry the Lord put before them.

Nick Brannon has had a lot happen since graduating. He got his license back, his family back, a job, a house, a church family and so much more! Nick is being a blessing to others with the knowledge he learned through the Word to lead and help others who are struggling know that Jesus loves them.

This month, we wanted to offer a HOPE through the testimony of a few of the people who have completed the program over the years. I stay in touch with many of the graduates and always remind them that the Lord never promised them that they would not have struggles or temptations, but through His word and applying what they learned while they went through the program, they have all the tools to live a Godly life. If they have a bad day or have a stumble, they have the tools needed to get back on track in the Lord. We are very, very proud of many who have left here and gone on to do great things. We hope you are encouraged through some of their testimonies.
