"Help for the desperate, those willing to seek Jesus Christ for the answers in their lives"

When we arrived in Holcomb to start the ministry now known as Freedom House, we had a lot of work ahead of us. There were bathrooms to build and repairs to be done. We were able to open in 2016 but it seems that ever since then, we have been under construction of some sort. We have built on, put up storage areas and made improvements each year. We are starting a HUGE project that will allow us to help more people get to know Jesus. Sometimes I wonder if the job will ever be complete. The Lord has shown me that just like the property is a physical "work in progress" our lives are spiritually the same. We are part of His master plan. Just like a building project, we may experience delays or things not going the way we planned but we take comfort in knowing that He is in control. His plans are good, and He is always working behind the scenes to make the improvements necessary to live a more abundant life in Christ Jesus. We are all under construction, give each other some grace. All construction starts with a foundation and that is what we are learning here, how to be on a firm foundation in Christ.

"For we are God's masterpiece. He has created us anew in Christ Jesus, so we can do the good things he planned for us long ago." Ephesians 2:10

BEING CONFIDENT OF THIS,
 THAT HE WHO BEGAN A *good work*
 IN YOU WILL CARRY IT ON TO COMPLETION UNTIL
 THE DAY OF *Jesus Christ.*
Philippians 1:6

My name is **Jessi Kamper**. I'm 29 years old and I am a current resident of Kennett, MO. I grew up in a very loving household. I have an older sister and 2 older brothers. My parents always showed us lots of love growing up and they are still married. I grew up in church and my parents would have us there every time the doors were open. When I was thirteen years old, I prayed the prayer, walked the aisle at church and gave my heart to Jesus. But really, nothing about my life changed, nothing about me was different. When I was around 22 years old, I hurt my back and every doctor I went to couldn't tell me what was wrong, so they ended up sending me to a pain clinic and that's where my addiction to opiates started. I was put on so many medications that didn't even help my pain, but I sure liked how it made me feel. From then on, my life became only about drugs, how I could get them, when I could take them. It was all I thought about, it completely consumed my life. I went to rehab, but it didn't help me for very long. I stayed sober for a few months and then relapsed when I had to have surgery and was back to using full time. When I was 28, I was told that because of my ovaries being so diseased from a disorder I had that I would have to have a hysterectomy. So, in November 2020 I had a hysterectomy and while I knew this was a big decision, I didn't know how deeply it would affect me. After having it done, I became extremely depressed and suicidal. I constantly stayed high on pain pills to try and forget and numb the pain that was in my heart. So, on January 8th, I went to my older brother, Matthew, and broke down and told him I needed real help. We sat in his kitchen and called Freedom House and I entered the program on the 20th of that month. And it has absolutely been the best decision of my life. I now have an intimate relationship with Jesus that grows stronger each and every day. I no longer believe all the lies the enemy tried to make me think were true. I'm worthy, I'm loved, and I am a child of God. **"I have been crucified with Christ. It is no longer I who live, but Christ who lives in me and the life I now live in the flesh I live by faith in the Son of God, who loved me and gave himself for me."** Galatians 2:20 All I want to do now is serve the Lord and tell people what he's done for me, what He's delivered me from and the future I now have because of His love for me. Thank you Freedom House for leading me to Jesus.
